Earn Credits toward a Degree at LLU

LLU has credit opportunities for professionals that could help you earn your Degrees in as little as 9 months and starts as low as \$6,200.

Credit Opportunities Available:

- Education
- Licensure
- Certifications
- Experiential Learning Portfolio (ELP).

What is an Experiential Learning Portfolio (ELP)?

An ELP is a collection of documents that demonstrates previous knowledge and experience. If this knowledge and experience meets the standards for a particular course as defined by LLU's Board of Trustees, you could bypass that course while still earning the equivalent credits toward your degree – thus reducing the time and tuition investment required to earn that degree.

An ELP includes three main components:

- 1) **Resume:** Your resume should be completely up to date and reflect all your professional work experience and non-collegiate education.
- 2) **Narrative Essay:** This is the written component where you elaborate on how your non-collegiate education and professional and personal experiences relate to the courses you intend to bypass.
- 3) **Artifacts:** Artifacts are attachments to your Portfolio that support what you've written in your Narrative Essay. Examples of relevant artifacts include transcripts, certificates, employee evaluations, volunteer work, etc. The more relevant artifacts you include, the better; attach artifacts as the final component of your Experiential Learning Portfolio.
